The Free *Forget-Me-Not* Calendar

FOR BIRTHDAYS & ANNIVERSARIES

Write every birthday and anniversary once.
No years on it, so it works year after year.

- ✿ Print pages 2–4
- ✿ Write the date and name on each line
- ✿ Hang it inside a cabinet or on the fridge

Want it to fill itself in?

The paid Forget Me Not Calendar is a smart spreadsheet version: type each date once and it builds 12 printable monthly calendars for you, with ages, anniversaries, trips and appointments, every year.
